Devonshire Clotted Crème Mix

\$3.50

*Devonshire Clotted Crème originated in the Region of Devonshire, England.
 It is a thick, rich crème that is traditionally used as a topping for Scones.
 Because it is made from non-pasteurized milk (sour milk), it is not available in America.
 Until Now ! Kevton Gourmet has formulated a powdered mix that is easy and convenient to use.
 It is a 2oz. Dry mix that you add to 8oz. of sour cream. You can make it ahead of time & keep
 it refrigerated for weeks at a time or make it up in seconds. We developed our
 "Devonshire Clotted Crème" to use on top of our "Scones of Joy" but found a variety of uses
 for this Rich Crème. "Devonshire Clotted Crème" Mix can be used as a fruit dip,
 a short bread topping, a fajita crème and as many ways as you can imagine...*

" Lemon Cheesecake Cheeseball "
